Fecha de entrega: 27 feb, 23:59

"One of the most damaging mistakes a writer can make is misspelling or misusing words. Just a few of these errors will make readers loose confidence in what you're trying to say."
Source: *The Only Grammar & Style Workbook You'll Ever Need* - by Susan Thurman.

As a preamble to what you will be doing during the 4th trimester, you will be working on spelling and grammar the remainder of the trimester. This assessment will include a series of exercises to help you improve your writing. I will be adding more before the due date.

During the course of this assessment you will practice what you learn through frequent writing exercises.
